

SAP INVENTORY MANAGEMENT (MM-IM) TRANSACTION CODES

- **MIGO** : This transaction code for Goods Movement
- **MB1B** : This transaction code for Transfer Posting
- **MB51** : This transaction code for Material Doc. List
- **MB1A** : This transaction code for Goods Withdrawal
- **MB1C** : This transaction code for Other Goods Receipts
- **MB5B** : This transaction code for Stocks for Posting Date
- **MB52** : This transaction code for List of Warehouse Stocks on Hand
- **MB01** : This transaction code for Post Goods Receipt for PO
- **MB31** : This transaction code for Goods Receipt for Production Order
- **OMJJ** : This transaction code for Customizing: New Movement Types
- **MB21** : This transaction code for Create Reservation
- **MBST** : This transaction code for Cancel Material Document
- **MB90** : This transaction code for Output Processing for Mat. Documents
- **MB5L** : This transaction code for List of Stock Values: Balances
- **MB5T** : This transaction code for Stock in transit CC
- **MI01** : This transaction code for Create Physical Inventory Document
- **MI07** : This transaction code for Process List of Differences
- **OMWD** : This transaction code for C RM-MAT MB Grouping Valuation Area
- **MB11** : This transaction code for Goods Movement
- **MB03** : This transaction code for Display Material Document
- **MI04** : This transaction code for Enter Inventory Count with Document
- **MI31** : This transaction code for Batch Input: Create Phys. Inv. Doc.
- **MI10** : This transaction code for Create List of Differences w/o Doc.
- **OMWB** : This transaction code for C MM-IV Autom. Acct. Assgt. (Simu.)
- **MICN** : This transaction code for Btch Inpt:Ph.Inv.Docs.for Cycle Ctng

- **MB5S** : This transaction code for Display List of GR/IR Balances
- **OX18** : This transaction code for Assignment Plants -> Company Code
- **MIGO_GR** : This transaction code for Goods Movement
- **MB25** : This transaction code for Reservation List
- **MB22** : This transaction code for Change Reservation
- **MB02** : This transaction code for Change Material Document
- **MBLB** : This transaction code for Stocks at Subcontractor
- **OMWN** : This transaction code for MM-IM: Acct Group. Code for Mvt.Type
- **MI34** : This transaction code for Batch Input: Enter Count
- **OMSK** : This transaction code for C MM-BD Valuation Classes T025
- **OMCQ** : This transaction code for Settings for System Messages
- **MN21** : This transaction code for Create Condition: Inventory Mgmt
- **OX10** : This transaction code for Customize plant
- **MBRL** : This transaction code for Return Delivery for Matl Document
- **OMBT** : This transaction code for No. Ranges: Mat. Doc./Phys.Inventory
- **MBBS** : This transaction code for Display valuated special stock
- **MI02** : This transaction code for Change Physical Inventory Document
- **MR51** : This transaction code for Material Line Items
- **MI20** : This transaction code for Print List of Differences
- **MB0A** : This transaction code for Post Goods Receipt for PO
- **OX09** : This transaction code for Customize storage locations
- **OMWC** : This transaction code for C MM-IV Split Material Valuation
- **MBVR** : This transaction code for Management Program: Reservations
- **MB58** : This transaction code for Consgmt and Ret. Packag. at Customer
- **MB04** : This transaction code for Subsequ.Adj.of "Mat.Provided"Consp.
- **MIGO_GI** : This transaction code for Goods Movement

- **MB23** : This transaction code for Display Reservation
- **OMJ5** : This transaction code for Exp.Date at Plant Level and Mvmt Lvl
- **MI21** : This transaction code for Print physical inventory document
- **MB59** : This transaction code for Material Doc. List
- **OMBW** : This transaction code for Set Screen Layout for Goods Movement
- **MIBC** : This transaction code for ABC Analysis for Cycle Counting
- **OMJX** : This transaction code for GR Field Selection From Procurement
- **MB5M** : This transaction code for BBD/Prod. Date
- **MI09** : This transaction code for Enter Inventory Count w/o Document
- **MB53** : This transaction code for Display Plant Stock Availability
- **OMCV** : This transaction code for Classify Batches
- **MIGO_TR** : This transaction code for Transfer Posting
- **OMJ7** : This transaction code for Plant/Val.- Divis. -> Busin.Ar.
- **MB24** : This transaction code for Reservation List
- **OMCG** : This transaction code for Search Procedures: Batch Determ. MM
- **OMCT** : This transaction code for Batch Definition
- **MI22** : This transaction code for Display Phys. Inv. Docs. f. Material
- **MI03** : This transaction code for Display Physical Inventory Document
- **OMJ1** : This transaction code for Allow Negative Stocks
- **MI24** : This transaction code for Physical Inventory List
- **OMBA** : This transaction code for Number Assgmt. for Accounting Docs.
- **MPAR** : This transaction code for Archive final issue materials
- **MI11** : This transaction code for Recount Physical Inventory Document
- **MN22** : This transaction code for Change Condition: Inventory Mgmt
- **MBSM** : This transaction code for Display Cancelled Material Docs.
- **OMBZ** : This transaction code for Rev. GR Despite Invoice

- **OMW0** : This transaction code for C MM-IV Control Valuation
- **OMBR** : This transaction code for General Print Settings
- **MIK1** : This transaction code for Batch Input: Ph.Inv.Doc.Vendor Cons.
- **OMC0** : This transaction code for Tolerance Limits for Goods Receipt
- **MB54** : This transaction code for Consignment Stocks
- **OMJ3** : This transaction code for Printer Determination Plant/SLoc.
- **MIAL** : This transaction code for Inventory Documents: Read Archive
- **MI32** : This transaction code for Batch Input: Block Material
- **MB5W** : This transaction code for List of Stock Values
- **OMCU** : This transaction code for Batch Status Management in Plant
- **MIQ1** : This transaction code for Batch Input: PhInvDoc. Project Stock
- **MI05** : This transaction code for Change Inventory Count
- **MI40** : This transaction code for Batch Input: Doc., Count and Diff.
- **OMCO** : This transaction code for Set Cycle Counting
- **MI08** : This transaction code for Create List of Differences with Doc.
- **OX14** : This transaction code for C MM-IV Valuation - val. level
- **OMBS** : This transaction code for Reasons for Movements
- **M706** : This transaction code for Maintain Output Types: Inv. Mgmt
- **OMJ4** : This transaction code for Printer Determ: Plant/SLoc./User Grp
- **OLMB** : This transaction code for IMG Inventory Management
- **MIDO** : This transaction code for Physical Inventory Overview
- **MI33** : This transaction code for Batch Input: Freeze Book Inv.Balance
- **OMC1** : This transaction code for Goods Receipt/Issue Slip Number
- **OMJN** : This transaction code for General field selection: goods mvmnt
- **OMWM** : This transaction code for C MM IV Control: Accnt Determination
- **MBSU** : This transaction code for Place in Stor.for Mat.Doc: Init.Scrn

- **MB5K** : This transaction code for Stock Consistency Check
- **MBGR** : This transaction code for Displ. Material Docs. by Mvt. Reason
- **MIW1** : This transaction code for Batch I.;PhInDoc f. Consigt at Cust.
- **OMCJ** : This transaction code for Screen Layout: Goods Receipt
- **MB5TD** : This transaction code for Stock in Transit on Key Date
- **MI39** : This transaction code for Batch Input: Document and Count
- **MI37** : This transaction code for Batch Input: Post Differences
- **OMCP** : This transaction code for Dynamic Availability Check: GI
- **MB5C** : This transaction code for Pick-Up List
- **OMCE** : This transaction code for Define Batch Level
- **MI38** : This transaction code for Batch Input: Count and Differences
- **MBBM** : This transaction code for Batch Input: Post Material Document
- **OMB3** : This transaction code for Create SLoc. Automatically (GR)
- **OMBU** : This transaction code for Allocate Layout Sets to Reports
- **MBAR** : This transaction code for Archive Material Documents
- **OMBB** : This transaction code for Batch Where-Used List
- **MI06** : This transaction code for Display Inventory Count
- **MI23** : This transaction code for Disp. Phys. Inv. Data for Material
- **OMCS** : This transaction code for Activate Batch Status Management
- **MN23** : This transaction code for Display Condition: Inventory Mgmt
- **MI35** : This transaction code for Batch Input: Post Zero Stock Balance
- **MIGO_GO** : This transaction code for Goods Movement
- **MIO1** : This transaction code for Batch Input: Ph.Inv.Doc.:Stck w.Subc
- **OMB1** : This transaction code for Dynamic Availability Check
- **MIGO_GS** : This transaction code for Subseq. Adjust. of Material Provided
- **OMB5** : This transaction code for Maintain Print Indicator (GR)

- **OMJ6** : This transaction code for Maintain No. Range for GR/GI Slips
- **OMJR** : This transaction code for Printer Determin.: Message Type/User
- **MBSF** : This transaction code for Release Blocked Stock via Mat. Doc.
- **OMB2** : This transaction code for Create SLoc. Automatically (GI)
- **MIS1** : This transaction code for Create Sample-Based Phys. Inv.- ERP
- **OMB4** : This transaction code for Maintain Print Indicator (GI)
- **MBNL** : This transaction code for Subsequent Delivery f. Material Doc.
- **MIV1** : This transaction code for Batch I.:PhInDoc f.Ret.Pack.at Cust.
- **MIM1** : This transaction code for Batch Input: Create Ph.Inv.Docs RTP
- **OMJ2** : This transaction code for Maintain Phys.Inv.Tolrnce->Employee
- **OMCD** : This transaction code for Suggest "Del. Completed" Indicator
- **OMBG** : This transaction code for Set Stock Balance Display
- **OLMW** : This transaction code for IMG Valuation/Acct Assgt
- **MI12** : This transaction code for Display changes
- **OMBC** : This transaction code for Set Missing Parts Check
- **OMBN** : This transaction code for Defaults for Reservation
- **MBAL** : This transaction code for Material Documents: Read Archive
- **MB55** : This transaction code for Display Quantity String
- **MBSL** : This transaction code for Copy Material Document
- **MBPM** : This transaction code for Manage Held Data
- **MB00** : This transaction code for Inventory Management
- **MIE1** : This transaction code for Batch Input: Phys.Inv.Doc. Sales Ord
- **MB5U** : This transaction code for Analyze Conversion Differences
- **OMW9** : This transaction code for C RM-MAT MW Doc.Type/F-u.Csts.Pr.Ch.
- **MBNK** : This transaction code for Number Ranges, Material Document
- **OMJK** : This transaction code for Number Ranges for Reservations

- **OMJI** : This transaction code for Set Material Block
- **OMB6** : This transaction code for Change Manual Account Assgt.
- **MBW1** : This transaction code for Special stocks via WWW
- **MBAD** : This transaction code for Delete Material Documents
- **MIMD** : This transaction code for Transfer PDC Physical Inventory Data
- **OMCM** : This transaction code for Dynamic Availability Check: GR
- **MIS2** : This transaction code for Change Inventory Sampling
- **MBBR** : This transaction code for Batch Input: Create Reservation
- **OMC2** : This transaction code for Number Assignment for Reservations
- **MBXA** : This transaction code for Printout of XAB Documents
- **OMJA** : This transaction code for Set Screen Layout for Goods Movement
- **OMCF** : This transaction code for Print Label
- **MIAD** : This transaction code for Delete Phys. Inv. Documents
- **PF02** : This transaction code for Cust. Test of Value-Based IM
- **OMJ8** : This transaction code for Create Stor. Loc. Automatically
- **MB9A** : This transaction code for Analyze archived mat. documents
- **MI00** : This transaction code for Physical Inventory
- **MBSI** : This transaction code for Find Inventory Sampling
- **M703** : This transaction code for Output: Create Conditions Table
- **MI9A** : This transaction code for Analyze archived phy. inv. docs
- **OMCN** : This transaction code for Control BTCI Sessions for Phys. Inv.
- **MIS3** : This transaction code for Display Inventory Sampling
- **MIS5** : This transaction code for Create Inventory Sampling - Other
- **VKU2** : This transaction code for Total Revaluation at Retail
- **OMWO** : This transaction code for C MM-PUR: Purchase Account Mgmt
- **MBWO** : This transaction code for Error Correction: Subs. Value Calc.

- **MBAV** : This transaction code for Manage Material Document Archive
- **VKU6** : This transaction code for Report: List Crtn for Rtl Pr. Change
- **OMCR** : This transaction code for Inventory Sampling: St.Mgmt Lvl: WM
- **VKU4** : This transaction code for Rtl Revaluation Docs for Material
- **MIS4** : This transaction code for Create Inventory Sampling - R/2
- **MN27** : This transaction code for Create message: rough goods receipt
- **MN28** : This transaction code for Change message: rough goods receipt
- **MN29** : This transaction code for Display message: rough goods receipt
- **VKU7** : This transaction code for Report: Total Reval. for Rtl Pr. Chn
- **VKU3** : This transaction code for Partial Revaluation at Retail
- **M710** : This transaction code for Output Determ.: Access Sequences
- **WMBE** : This transaction code for Stock Overview: Value-only Material
- **VKAR** : This transaction code for Read Archive File
- **VKAW** : This transaction code for Generate Archive File
- **VKU1** : This transaction code for Report: Reval at Rtl for Rtl Pr.Chng
- **VKU10** : This transaction code for Correction of Valuation at Retail
- **VKU11** : This transaction code for Delete Count Document Items
- **VKU5** : This transaction code for Display Retail Revaluation Document
- **VKU8** : This transaction code for Test Transaction BAPI Count List
- **VKU9** : This transaction code for Rtl Reval. Correction: List Display
- **MB50A** : This transaction code for Display Valuated GR Blocked Stock
- **OMW1** : This transaction code for C RM-MAT MW Price Control
- **M704** : This transaction code for Output: Change Condition Table
- **M705** : This transaction code for Output: Display Conditions Table
- **MPAD** : This transaction code for Delete archived materials from AMPL
- **MIAR** : This transaction code for Archive Phys. Inv. Documents

- **OMWG** : This transaction code for C RM-MAT MW User Profiles
- **OMBO** : This transaction code for Assign Forms and Programs
- **M708** : This transaction code for Output Determination: Procedure
- **OMJE** : This transaction code for Exp.Date at Plant Level and Mvmt Lvl
- **MIAV** : This transaction code for Manage Phys. Inv. Doc. Archive
- **OMB9** : This transaction code for Change Document Lives
- **MB5A** : This transaction code for Evaluate Batch Where-Used Archive
- **MB5E** : This transaction code for Create Batch Where-Used Archive
- **OMJL** : This transaction code for Maintain Print Indicator (autom.MvT)
- **MPAV** : This transaction code for Manage archive for manufacturer parts
- **VOK4** : This transaction code for Output Determination: Inventory Mgmt
- **OMJU** : This transaction code for Gen. field selection, physical inv.
- **OMCC** : This transaction code for Generate Phys.Inv.Doc.for Goods Mvmt
- **WBF1** : This transaction code for IS-R: Stock Overview, Empties
- **MB5V** : This transaction code for Manage Batch Where-Used Archive
- **MB5D** : This transaction code for Delete Docs of Batch Where-Used File
- **OMBK** : This transaction code for Suggest Items Preselected: Reservtn
- **WRMA_1** : This transaction code for Revaluation Run RMA
- **OMWA** : This transaction code for C RM-MAT MW Doc.Type/F-up Csts.D/C
- **WBF2** : This transaction code for Display GI/GR Diff. for Stck Trans.
- **WSSS** : This transaction code for Set Stock Situation
- **OMBP** : This transaction code for Freeze Book Inventory Balance
- **OMWF** : This transaction code for C MM-IV User Maintenance
- **CRTGDSREC** : This transaction code for Tcode for MIGO entry from Portal
- **OMCH** : This transaction code for Set Manual Account Assignment (GR)
- **OMJS** : This transaction code for Check expiration date at goods issue

- **OMJM** : This transaction code for Comprn plnt/val.area - divis.->BusAr
- **OMJC** : This transaction code for Generate Phys.Inv.Doc.for Goods Mvmt
- **OMJV** : This transaction code for Subsequent Calculation of Value
- **OMBH** : This transaction code for Phys. Inventory Settings in Plant
- **OMCL** : This transaction code for Inventory Sampling: St. Mgmt Levels
- **OMJ9** : This transaction code for Change Manual Account Assgt.
- **OMJD** : This transaction code for Set Missing Parts Check
- **OMJY** : This transaction code for GR Field Selec. Fr. Procment (Table)
- **OMBF** : This transaction code for Control BTCI Sessions for Goods Mvmt
- **OMBI** : This transaction code for Suggest Items Preselected GR
- **OMC4** : This transaction code for BTCI Data Transfer: Inventory Count
- **WB5N** : This transaction code for Stock in Transit (Consignment)
- **OMWK** : This transaction code for C MM-IV Authorizations
- **OMSB** : This transaction code for C MM-BD Special Stock Description
- **OMBX** : This transaction code for Stock Balance Display
- **OMBD** : This transaction code for Business Area from MM View
- **MRN9** : This transaction code for Balance Sheet Values by Account
- **MRF1** : This transaction code for Execute FIFO Valuation
- **MRF3** : This transaction code for FIFO Valuation: Create Doc. Extract
- **MRN0** : This transaction code for Deter. Lowest Value: Market Prices
- **MRN1** : This transaction code for Deter. Lowest Value: Rge of Coverage
- **MRF4** : This transaction code for FIFO: Select Materials
- **MRLC** : This transaction code for Transfer Third-Party Data
- **OMWE** : This transaction code for C LIFO/FIFO Valuation Active?
- **MRLH** : This transaction code for Change LIFO/FIFO Valuation Level
- **MRN2** : This transaction code for Determ. Lowest Value: Mvmt Rate

- **MRL4** : This transaction code for Display LIFO Valuation: Single Matl
- **MRN3** : This transaction code for Loss-Free Valuation
- **OMWL** : This transaction code for C LIFO/FIFO Global Setting
- **MRY1** : This transaction code for Calculate Average Receipt Price
- **MRL1** : This transaction code for Perform LIFO Valuation: Single Matl
